## 'From Pennies to Pounds'

The new Sainsbury's Local Store at Penny Street, Lancaster was officially opened by Gary Welsh for the LDHAS alongside children from Kids Unlimited.

As part of Sainsbury's on-going Community Spirit Programme, wall heaters have been purchased and installed in the Lancaster & District Homeless Action Service day centre. The LDHAS offer a day centre for homeless people to visit for advice and help with many issues, assisting them in finding accommodation with independence. The wall heaters will provide essential warmth in the day centre throughout the winter months.

Dear Steve

I am writing to say thank-you to yourself and your organisation for the work carried out by your company.

We are a small charity that offers support to the homeless and people in housing poverty in the Lancaster area. We rely heavily of the generosity of the community and local businesses to maintain the important work we do. Our premises and the heating system are very old and the need to replace the latter had been obvious for some time.

CTS carried out work to install new heating in the building, and I am sure you understand this been really good for a lot of our clients who live outside in all weather. As an organisation we did not have the money to replace the old heating system and without the help from yourselves in conjunction with Sainsbury's we would not have been able to do so in the foreseeable future, so on behalf of the staff and clients I would like to, again, offer our appreciation and thanks for your support.

Yours Sincerely

Gary Welsh  
Centre Manager

Above:- Thank you letter from LDHAS.
